

## Life Cycle Analysis Class Example

### Paper Bag

	Raw Materials	Manufacture	Transport	Use	Disposal
Material resources (High = 4, none = 0)					
Energy use (High = 4, none = 0)					
Global Warming Emissions (High = 4, none = 0)					
Human Health / Toxicity (High = 4, none = 0)					
<b>Total</b>					

**Total Score:**

### Plastic Bag

	Raw Materials	Manufacture	Transport	Use	Disposal
Material resources (High = 4, none = 0)					
Energy use (High = 4, none = 0)					
Global Warming Emissions (High = 4, none = 0)					
Human Health / Toxicity (High = 4, none = 0)					
<b>Total</b>					

**Total Score:**
